

Big Bay of Piseco Lake. A widening of the Piseco Outlet (part of the West Branch of the Sacandaga River) located just south of Piseco Lake in the Adirondack Park. Because its shallow, weedy waters deter larger motorized watercraft, Big Bay is often used quiet flatwater paddling, wildlife viewing, and kayak fishing. It offers a calm, wind-protected alternative to the main body of Piseco Lake. Access is available via a small parking area right off NY-10 in Arietta, NY, roughly one mile south of the intersection of Route 8 and Route 10, just north of where Piseco-Powley Road splits off. Map created by Andy Arthur on 6/12/2026 in QGIS 3.44.10-Solothurn. Data: NYS GIS and NYS DEC. More at andyarthur.org
