

Buck Mountain provides panoramic Lake George vistas, including Crossett Pond to the southeast, with a mostly treeless, rocky summit at 2,448 ft. The 1,985-foot ascent from Pilot Knob takes about four hours. Two routes: the shorter Pilot Knob trail and the longer Shelving Rock Road path for hikers seeking adventure today.

Map created by Andy Arthur on 12/18/2025 in QGIS 3.44.5-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
