National
Hydrological
Dataset

The map displays the Oneida Lake Watershed, a large body of water in the Adirondack Park region. The lake is surrounded by a dense network of tributaries, including the Oneida River, West Branch Oneida River, and many smaller creeks and rivers. The map is color-coded by elevation, with green representing lower elevations and brown/yellow representing higher elevations. Numerous creeks and rivers are labeled, including the Oneida River, West Branch Oneida River, and many smaller tributaries like the Little River, Middle River, and East Branch Oneida River. The map also shows the surrounding land area, including the Adirondack Park and the town of Oneida.
