

Tug Hill State WMA. A 5,100-acre forested tract on the Tug Hill Plateau in Montague, NY. It features a mix of wetlands and uplands, providing habitat for deer, bear, and other wildlife. Used for hunting, trapping, and fishing, with a series of seasonal-use dirt roads providing access to the interior.

Map created by Andy Arthur on 10/9/2025 in QGIS 3.44.3-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
