

**Little Green Pond Camping Area.** Originally maintained by the Adirondack Fish Hatchery, these campsites are like other primitive campsites but with driveways running each site with decent screening between the sites. Not quite as densely packed as a campground but not a true wilderness camping experience.

Map created by Andy Arthur on 10/22/2025 in QGIS 3.44.3-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at [andyarthur.org](http://andyarthur.org).
