

The St. Regis Mountain Trail in Keese Mills west of Paul Smiths is roughly 6.6 miles round-trip. The first two miles are gradual and rolling, followed by a steep final ascent featuring stone steps. The bare summit offers a restored fire tower with spectacular 360-degree views of thirty lakes and the distant High Peaks.

Map created by Andy Arthur on 1/12/2026 in QGIS 3.44.6-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
