

Beebe Hill State Forest is more than 2,000 acres extending from the Thruway down to Austerlitz and connects to Harvey Hill State Forest, a forest of similar size. Most popular locations are the Beebe Hill Firetower with views of the Catskills and Taconics, and there is a lean-to nearby which is great for staying at while watching the stars and sunset.

Map created by Andy Arthur on 10/2/2025 in QGIS 3.44.3-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
