

**Honeoye Creek WMA** is a 717-acre of lands along the Honeoye Creek in Ontario County, north of the village. It features a combination of grasslands, forests, brush lots, and swamps. This supports numerous wildlife species, including grassland birds, deer, and small game. It is managed for wildlife habitat and dependent recreation like hiking and hunting.

Map created by Andy Arthur on 10/9/2025 in QGIS 3.44.3-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at [andyarthur.org](http://andyarthur.org).
