

Blackhead Mountain Trail. The full Black Dome Trail from Barnum Road to the Escarpment Trail junction is 7.5 miles one way. A typical loop involving Blackhead, Black Dome, and Thomas Cole mountains can be over 12 miles. The trail is considered hard, involving steep sections and rock scrambles that can be challenging, especially in wet or icy conditions. While some sections are viewless, the far end of the hike, around Blackhead and Black Dome, offers stunning panoramic vistas.

Map created by Andy Arthur on 1/4/2026 in QGIS 3.44.6-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
