

After a relatively quick 200 feet elevation drop from North Lake along the Sleepy Hollow Horse Trail over a 1/4 mile, the Palenville Overlook Trail heads south for 1 1/4 miles to Palenville Overlook. While there are limited views along the trail, name where it crosses the old elevated rail line, the **trail ends at a scenic overlook with stone chairs**, allowing you to look down at Palenville and Hudson Valley below.
