

Moxham Mountain Trail. A 2.7 mile trail back to a mountain ridge with views south and west down to the Hudson River Gorge and other peaks around Warrensburg and Indian Lake. After hiking up a first peak with views, you drop down past a swamy area, then climb back up on a col and then gently head up to the Moxham Ledge. This is a popular hike, so plan appropriately.

Map created by Andy Arthur on 10/23/2025 in QGIS 3.44.3-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
