

Junius Ponds, carved by glaciers, are meromictic lakes with non-mixing waters, hosting rare plants and endangered bog turtles. The 200-acre property, near Waterloo Premium Outlets, was once Lyon's water supply but was abandoned and transferred to the state for conservation. Now protected, the area preserves its unique ecosystem and biodiversity.

Map created by Andy Arthur on 9/5/2025 in QGIS 3.44.2-Solothurn. Contains US Forest Service Base Map, NYS DEC data with additional campsites added by Andy. More maps at andyarthur.org.
