

Black Bear Mountain. A popular hiking trail about a mile west of Inlet with a shared parking lot with Rocky Mountain. The main trail is 1 mile east following an eroded and often muddy old woods road, then a mile climb to the summit. You can take the alternate trail for a loop back to the parking lot along the Old Woods Road, or alternatively hike back from the pull off on Uncas Road for the Bug Lake Trail.

Map created by Andy Arthur on 12/12/2025 in QGIS 3.44.5-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
