

Stewart Landing - Lily Lake - Canada Lake. Stewart Landing is a moderately popular free swimming and camping area which many kayakers and canoes will paddle up to Canada Lakes. Much of the northern shoreline is developed, but Lily Lake is narrow and protected from cross winds with some small motor boats on it.

Stewart Landing Campsites. There are two campsites located off an access loop near the Stewart Landing Dam on the Sprite Creek. This is a popular area for launching kayaks and swimming in the summer months, however the campsites are accessible year round as long as the snow isn't too deep.
